

VERDALE

CRAFTED FOR YOUR SENSES
WHERE NATURE NURTURES

“The art of **Forest Bathing** is the art of connecting with nature through our senses. All we have to do is accept the invitation.”

- Dr Qing Li

Author, “Forest Bathing:
How Trees Can Help You
Find Health and Happiness”

COME HOME TO FOREST BATHING

Coddled in lush greenery, VERDALE provides the perfect sanctuary to dwell in nature. Inspired by the concept of **Forest Bathing** or Shinrin-yoku, a term originally coined by the Japanese Ministry for Agriculture to describe the practice of healing through being immersed in nature. Countless scientific studies have proven that the way of Shinrin-yoku can help reduce the day-to-day stress of urban living simply by slowing down and mindfully let nature nourish the body, mind and soul.

BREATHE
AND BATHE IN TREES

Breathe in the freshness of nature and let the magic of **Forest Bathing** lift the stress and strain of hectic urban lifestyles. The phytoncides released by trees provide a restorative effect that is beneficial for a healthy immune system.

Embrace nature and let its healing power relax the body and mind. Feel the sunlight on the face, the wind in the hair, let the tranquility of **Forest Bathing** clear the mind and lift the spirit like nothing else can.

WANDER

IN THE WOODS

FOR REJUVENATION

Wander into the woods and fully immerse in nature, take time to observe and see everything in a new light. The benefits of **Forest Bathing** are backed by science and studies have shown it helps to lower anxiety as well as promote restful sleep.

TOUCH
AND APPRECIATE
NATURE'S GIFT

Let nature be your therapist. Take little breaks and step outside - be drawn into the natural beauty all around. Touch and appreciate the trees, foliage and flora. **Forest Bathing** is about enjoying every little moment, but the benefits go far beyond.

FOREST BATHE AT THE BUKIT TIMAH NATURE RESERVE

A home within the enclave of Singapore's green oasis provides an abundance of serene and tranquil parks and nature reserves that are perfect for peaceful **Forest Bathing**. The choice of terrain is aplenty to connect with nature, from meandering footpaths that run through the forest to undulating hilly climb and sensorial picturesque lush greenery. It's not a hike or test of endurance, but a time to slow down and be in touch with the environment.
